06: MULTIFUNCTIONALS

Casual multifunctional sofas with head elevation

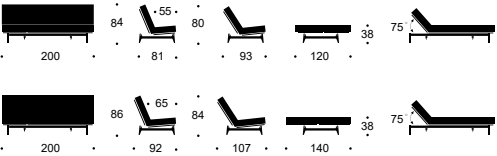

The combination of beech-wood slats and a hand-made mattress fixed to the metal frame provides a durable and supportive comfort for sitting and sleeping.

We take great pride in our high quality standards and offer lifetime warranty on both slats and gears on all Multifunctionals.

The conceptual design idea of the Multifunctionals ensures that all parts of the sofa can be maintained or worn out parts can be replaced. Mattresses and covers can be renewed to change the comfort or the look of your Multifunctional sofa.

Should you decide to part from your Multifunctional sofa, disassembly and recycling of all parts is possible.

Per Weiss
Creative Director
Innovation Living Design Office

Per Weiss was born in 1959 in Denmark and is the Creative Director of Innovation Living International. As an all-round creative person, he started his career as a professional musician, while already studying at the School of Architecture in Aarhus. Then giving a higher priority to his design visions, he worked for some of the famous Danish architects, Friis & Moltke and Schmidt, Hammer & Lassen. In 1988 he graduated as an industrial designer. Since 1989 Per Weiss has been the Creative Director of Innovation Living’s Design Office and responsible for concept, product design and marketing. Per Weiss established a close relationship to Verner Panton during the development of the Phantom chair, Panto Beam and Panto Pop in 1997-1998. Alongside his works for Innovation Living, Per Weiss cooperated with Danish designer Henrik Bønnelycke in their mutual company W&B design works 1997-2000. In 2001 he founded WeissDesignWorks, where he handles product designs that do not fit into the Innovation Living’s product range.
